Naïda

Italian Girls Collection

Naïda è un mondo gioioso e giocoso fatto di forme e colori, una collezione di stili diversi con un tocco rock e ironico allo stesso tempo, che può essere reinterpretato, grazie alla sua versatilità, anche in chiave romantica. E' un mondo in cui alle ragazze piace cambiare in base ai diversi contesti, ai diversi stati d'animo, spaziando dai capi giornalieri, per la scuola o le attività pomeridiane ai capi per la sera, più scintillanti. Il progetto nasce a seguito dell'esperienza ventennale del Sig. Antonio Boccia, nel campo della moda junior ed è espressione di tutta la sua creatività, gusto e passione per questo campo. Naïda, progetto totalmente Made in Italy, veste le bimbe e le ragazze dai 2 ai 16 anni, racconta la loro storia, si evolve e cresce insieme a loro.

Naïda is a joyful and playful world made of shapes and colors, a collection of different styles with a rock and ironic touch, which can be reinterpreted, thanks to its versatility, even in a romantic key. It's a world in which girls like changing according to different contexts, different moods, ranging from daily items, for school or afternoon activities to more sparkling items, for the evening. The project was born as a result of the twenty-year experience of Mr. Antonio Boccia, in the field of fashion junior and is the expression of all his creativity, taste and passion for this field. Naïda, totally a Made in Italy project, dresses girls from 2 to 16 years old, tells their story, evolves and grows with them.
